

## Daniel Webster High School Alumni Foundation

January 5, 2015

Dear DWHS Alumni,

Last year flew by, ending with a few things preventing the Alumni Foundation Fall newsletter being mailed in a timely manner, so all we can say about that is, **Happy New Year!**

Your Alumni Foundation continued to help Webster's students by giving scholarships to qualified students, helping Webster's FFA student members with various needs such as attending the National FFA Conference and purchasing a second photo carousel system to continue the tradition of displaying photos by year from each graduating class. Additionally, we recently replaced the long deteriorating plaque honoring Webster's veterans who were killed-in-action. Names on the new plaque include those from WWII, Korea, Viet Nam and other conflicts to date. These were just a few projects that have served to keep us busy this past year. The Foundation was able to accomplish these projects because of our stewardship of monies we receive in membership dues and contributions to the Foundation. So here's a big **THANK YOU** for your help by either becoming a member, renewing your membership or by contributing to your Webster Alumni Foundation.

The Alumni Foundation is excited to announce a new Century Club Project. For several years the Hammond organ in the Webster auditorium has not been working. The organ has been a part of Webster's rich tradition, being played at Talicades, class assemblies, graduation, etc. In researching the problem and repair of the organ, we have learned it was and still is a quality instrument very much worth repairing. Our Hammond organ is considered a theatrical organ, well suited to being played in venues such as Webster's auditorium. While this is one of the largest Century Club projects to date, we are confident that it will be as successful as other CC projects. A few past projects have been: stadium lighting, building of student pavilions, restoration of the bridges, and new curtains for the stage. So, please help us bring the Hammond back to life by filling out the attached form and returning it with your check and as always your contribution is tax deductible. We truly appreciate your support. All contributions of \$100 or more will receive recognition by including the contributor's name on a plaque to be placed on the organ.

If you haven't renewed your membership to the Webster Alumni Foundation, please use the enclosed membership form to do so. We invite you to come to our meetings on the second Monday of each month at 6:30 p.m. in the Webster cafeteria. We welcome new board members also, so if you are interested, we encourage you to join us.

Sincerely,

A handwritten signature in black ink that reads "Donna Savage". The signature is written in a cursive, flowing style.

Donna Browne Savage  
President, Webster Alumni Foundation

Daniel Webster High School  
Alumni Foundation

Century Club Project  
Hammond Organ

Do you remember....

*The organ accompanying the musical acts in Talicade? Perhaps your act?*

*The organ accompanying the mixed chorus for programs?*

*The organ accompanying student solos in assemblies?*

*The sound of the organ playing as you filed into the auditorium in your cap and gown for your senior assembly?*

*Did you play the organ? Or perhaps one of your close friends?*

Well, the years have silenced this musical voice in the auditorium....it's sat silence for the past 10 years. The organ needs to be repaired and the speakers replaced to be useable again. This is our most ambitious Century Club Project to date. Early estimates for the repairs and all of the speakers in the area of \$14,000. To replace the organ with a new similar one but of lessor quality would be in excess of \$45,000 and it would be less suitable, so we have decided to have the organ repaired.

We are asking the Webster Alumni to help give the Organ its voice back by sending your Century Club Donation of \$100.00 or more to:

**Tulsa Webster Alumni Foundation**  
**P.O. box 9824**  
**Tulsa, OK 74157-0824**

Contributor's names will be listed on a plaque to be installed on the Organ.

Name: \_\_\_\_\_ Class: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

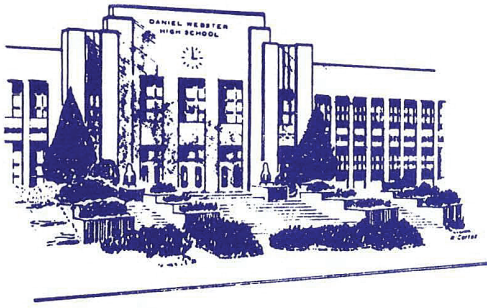

Amount of check: \_\_\_\_\_ E-mail: \_\_\_\_\_

Name (s) as you would want it to appear on the Plaque:

September, 2014

Webster Families,

Welcome back to a new school year. We are continuing with the Growing Together Grant, funded by local philanthropists. The grant includes implementation of the Talent Development Secondary Model, City Year, College Summit, Freshmen Seminar, and Communities in Schools. The grant allows Webster HS additional teachers and academic coaches and utilizes a curriculum from Johns Hopkins University!

We have divided the students by interest into three Academies: Health and Industry (which includes Manufacturing and Agriculture), Digital Media and Broadcasting, and the Freshmen Academy. With the support of the community, we will have guest speakers, take field trips, and possibly create a Manufacturing class complete with internship opportunities.

This year, we have welcomed new teaching staff and a new Assistant Principal. Feel free to stop by for a tour and see the best high school in Tulsa at work each day! Thank you to the strong Daniel Webster Alumni for all of the support! We continue to encourage our students each day to exhibit pride in the school and display the true spirit and enthusiasm of Daniel Webster High School!

Shelly Holman  
Principal
